Whole Foods Real Estate Preferences

Whole Foods Market seeks locations in larger MSA's with at least 200,000 people within a 20-minute drive time, and a large number of college-educated, high disposable income residents.

Whole Foods requires 40,000 sf with abundant parking (5:1 ratio) for their exclusive use. Stand-alone, neighborhood, or small community centers with synergistic co-tenants will be considered.

Sites should be in very high traffic areas (foot and/or vehicle), with easy access from roadways/lighted intersections, and must offer excellent visibility from the street.
